<b>Glencoe / McGraw Hill</b>	<b>Teen Health, Course 1</b>	<b>Merki</b>	<b>2005</b>	<b>6</b>		<b>72%*</b>
	Key Features: Part of a sequential, three-course program that provides a combination of course material and interactive multimedia resources. The program helps students understand that good health affects every aspect of their lives. <i>Building Health Skills</i> Combines positive role-modeling of featured skills with practicing those skills and then performing the skills and evaluating the performance. Presents point-of-use reinforcement for integrated skills into core health knowledge. Features are science-based experiences requiring little scientific equipment to illustrate various health concepts. Helps students understand, appreciate and act on core ethical values. <i>Media Watch</i> raises awareness about the media's impact on lives and health.					
<b>Harcourt School Publisher</b>	<b>Harcourt Health And Fitness Student Edition</b>	<b>Bunting, et.al</b>	<b>2006</b>	<b>6 (K-6)</b>		<b>100%*</b>
	Key Features: A balanced program offering solid, up-to-date Health content coupled with a strong skills strand that includes Life Skills, Consumer Skills, and Character Building. The skills are a natural outgrowth of the content, and their direct application to the content forms a natural bridge from the classroom to the real world. Physical fitness is emphasized throughout the program—one complete chapter at each grade level and in the Daily Fitness Tip appearing in each lesson plan. A music CD and a resource binder of activities are also available to support fitness. Support for content-area reading is infused in daily instruction. The focus on six key reading skills, coupled with highlighted vocabulary, a check question at the end of each section, and informative graphics and charts make the book highly readable.

<b>Holt, Rinehart and Winston, a division of Harcourt Inc.</b>	<b>Decisions for Health, Student Edition, Level Blue</b>	<b>HRW</b>	<b>2004</b>	<b>7 (6-8)</b>		<b>100%*</b>
	Key Features: The primary objective of the program is to provide up-to-date content that is scientifically and medically accurate. Additional objectives of the program are to motivate students through real-world applications, develop students' life skills, integrate technology, and accommodate a variety of learning styles and ability levels. Focuses on developing ten key life skills: Making Good Decisions, Using Refusal Skills, Assessing Your Health, Evaluating Media Messages, Communicating Effectively, Setting Goals, Being a Wise Consumer, Practicing Wellness, and Coping. This program promotes active learning through various hands-on activities and role-playing. Students are encouraged to actively learn health concepts and practice life skills. Text offers a flexible format that meets the needs of health educators and their students. The sections and chapters build logically from the introduction of life skills to their application throughout the textbook.
